Ivory is the last calf out of our first cow Dragonfly. She is the only one of her mother's calves to have inherited her unusual horns. We love her gentle nature and great mothering ability. We have one daughter in production in our herd, JP Jade, and our friends at Ridgeview Ranch have her daughters JP Moonstone and JP Blue Topaz. Her 2024 calf is a beautiful steer, JP JeremiahWasABullfrog, who is owned and is being shown
