Breeder: LAZY JP RANCH

Tillie in an interesting genetic mix of horn and show genetics. She is a granddaughter of one of our original Tri-W cows. We love her brindle color and she is always one of the first to show up for treats! We are super excited about her 2022 heifer calf, JP Texas Two Step, by Texas Jack LP. Tillie will be bred back the same way for her 2023 calf.
