

## JP USS HASSAYAMPA AO-145

**Date of Birth:** 04/25/2008  
**Registration 1:** S11379  
**Breeder:** LAZY JP RANCH  
**Owner:** LAZY JP RANCH

Hass is named after the ship my father served on in Vietnam. He is a uniquely colored steer with a sweet disposition and interesting asymmetrical horns. He is a son of my very first heifer won from the Ark-La-Tex calf give-a-way.
