Sam was the #1 Miniature Bull in the country for 2022. He finished his halter show career with a total of 26 championships., and rounded out his career with a class champion title at the 2023 Horn Showcase Futurity. He is solid built with exceptional horn for his size. He also has the most fantastic disposition for a bull. We bred Sam to all of our blend minis and some of our smaller standards for his first calf crop, and we weren't disappointed!
