Registration 1: CI338295
Breeder: Lazy JP Ranch
Owner: Lazy JP Ranch

Stepper is the product of 4 generations of breeding for a complete package animal. She comes from very strong show lines on her Dam's side and Futurity champions on her Sire's side. It's hard to tell from photos, but Stepper is a brindle and is getting more color as more speckles come in. We are very excited to watch her grow.
